Bug Report #1

ID number	#001
Name	LATEST NEWS – First Article Links Not Always Clickable
Reporter	Maruf
Submit Date	12.10.2025
Summary	Some "Latest News" category articles (e.g., "Stories" or "Press Releases") are not interactable or fail to open after being clicked.
URL	https://www.hamk.fi/en/
Screenshot	N/A
Platform	Windows 11
Operating System	Windows 11
Browser	Chrome 141.0
Severity	Major
Assigned to	Web Development Team
Priority	High

Description

While testing "Latest News" sections, the first article under some categories does not respond to click actions in Selenium even though it's visible on the UI.

Steps to reproduce

>Open <https://www.hamk.fi/en/>
>Scroll to the "Latest News" section.
>Click "Press Releases" or "Stories" tab.
>Try clicking on the first visible article.

Expected result

The first article should open a dedicated article page successfully.

Actual result

Robot test throws ElementNotInteractableException, indicating the element cannot be clicked.

Notes

May be due to delayed loading of dynamic content.

Bug Report #2

ID number	#002
Name	SEARCH FUNCTION – Search Icon Not Visible or Interactable
Reporter	Maruf
Submit Date	12.10.2025
Summary	Search button or input field does not become visible to the test automation framework.
URL	https://www.hamk.fi/en/
Screenshot	N/A
Platform	Windows 11
Operating System	Windows 11
Browser	Chrome 141.0
Severity	Major
Assigned to	Frontend Team
Priority	Medium

Description

The “Search” button intermittently fails to appear or interact during test execution.

Steps to reproduce

>Open homepage.
>Try locating element xpath:(//button[contains(@class,'search-toggle')])[1].
>Attempt to click to open the search overlay.

Expected result

Search field appears allowing input.

Actual result

Search button element not visible or interactable.

Notes

The issue is likely due to delayed animation or hidden overlay state.

Bug Report #3

ID number	#003
Name	CONTACT PAGE – “About HAMK to Contact Us” Navigation Fails
Reporter	Muntasir
Submit Date	13.10.2025
Summary	The “About HAMK” link is not visible or interactable from the main navigation bar.
URL	https://www.hamk.fi/en/
Screenshot	N/A
Platform	Windows 11
Operating System	Windows 11
Browser	Chrome 141.0
Severity	Major
Assigned to	Web Navigation Team
Priority	High

Description

During automation testing, the “About HAMK” link fails to appear or cannot be clicked within the visible menu area.

Steps to reproduce

>Open homepage.
>Attempt to locate `xpath://a[contains(text(),'About HAMK')]`.
>Wait up to 25 seconds for element visibility.

Expected result

The link “About HAMK” should appear and allow user navigation.

Actual result

Element not visible even after page fully loads.

Notes

Likely hidden under a sticky header or dynamically loaded navigation.

Bug Report #4

ID number	#004
Name	SEARCH EXPERTS – “More Information” Button Does Not visible
Reporter	Muntasir
Submit Date	13.10.2025
Summary	For Clicking “More Information” to search lecturer name doesn’t visible through scrolling
URL	https://www.hamk.fi/en/contacts/
Screenshot	N/A
Platform	Windows 11
Operating System	Windows 11
Browser	Chrome 141.0
Severity	Minor
Assigned to	Backend Integration Team
Priority	Medium

Description

Robot script searches for “Esa Huiskonen” but get difficulties for clicking “More Information”.

Steps to reproduce

- >Go to “About Us → Contact Us → Search Experts”.
- >Enter “Esa Huiskonen” in the search field.
- >Click “More Information”.

Expected result

The lecturer’s profile should open the showing header with “Esa Huiskonen”.

Actual result

Page fails to display details about the lecturer profile.

GROUP-10

Members: Maruf, Muntasir.

Notes

Occurs intermittently, possibly network or content caching issue.

Bug Report #5

ID number	#005
Name	STUDY OPTIONS – “IT and ICT” or “Computer Applications” Not Always Visible
Reporter	Muntasir
Submit Date	14.10.2025
Summary	“IT and ICT” or “Computer Applications” links fail to appear in “Search Study Options” page during automation test.
URL	https://www.hamk.fi/en/
Screenshot	N/A
Platform	Windows 11
Operating System	Windows 11
Browser	Chrome 141.0
Severity	Minor
Assigned to	Frontend Development Team
Priority	Medium

Description

After clicking “Search Study Options,” automation could not detect “IT and ICT” field or “Computer Applications” program link within the expected timeout.

Steps to reproduce

>Navigate to <https://www.hamk.fi/en/>

>Click “Search study options”.

>Wait for study programs to load.

Expected result

GROUP-10

Members: Maruf, Muntasir.

"IT and ICT" and "Computer Applications" fields should appear and be clickable.

Actual result

Elements are not visible after 25 seconds, though visible when done manually.

Notes

Likely due to lazy-loaded content not fully rendered before timeout.
